**Informed Consent for Traditional Chinese Medicine Treatment and Electronic Transmission**

I hereby request and consent to receive Traditional Chinese Medicine (mentioned as TCM hereinafter) treatments including acupuncture, herbal medicine, Tuina massage, and other related modalities within the scope of practice of TCM practitioners and Acupuncturists performed in Mai Medical Health Centre.

I understand that, as with all health care, while rare, there may be some risks to treatment, including;

- With acupuncture:
  - Occasional bruising, post-needling sensation, fainting, minor bleeding, blistering, nausea, infection and shock.
  - Possible reasons for these symptoms are nervousness, hunger, extreme tiredness, muscle tension, or moving of the body after needling
- With herbal medicine:
  - Risk of reactions to treatment including nausea, vomiting, dizziness, headaches, malaise or general worsening of symptoms
  - Unknown interactions between western medications and Chinese herbal medicines
- Other modalities (Cupping Therapy):
  - Risks relevant to treatment such as bruising or bleeding and pain

I also understand that transitions in healing (known as healing crisis) may also produce temporary periods of discomforts including emotional upset, fatigue, malaise, headaches, dizziness, rashes or breakouts, nausea, vomiting or general worsening of symptoms. TCM treatments in general are safe and effective for the prevention and treatment of a wide range of health conditions and for the promotion of general well-being. However, it is not intended to replace tests or treatments recommended by your physicians.

I acknowledge that the above treatments and all their ramifications have been fully explained to me and I do not expect the practitioners to be able to anticipate and explain all possible risks and complications. I also absolve the clinic and its practitioners if I experience from any unexpected results of the treatment. I further agree to not commence lawsuit of any kind against all parties mentioned.

I hereby assigned benefits payable to the eligible claims to the Provider responsible for submitting my claims electronically to the group benefits plan and I authorize the insurer/plan administrator to issue payment directly to the Provider. I authorize my health care provider to collect, use and disclosure personal information concerning any claims submitted on my behalf. If I am a spouse or dependent, I confirm that I am authorized by the plan member to execute an assignment of benefit payments to the Provider.
